Federal Communications Commission  
445 - 12<sup>th</sup> Street, S.W.  
Washington, D.C. 20554

**Re: Notice of Oral Ex Parte Communication**  
**ET Docket No. 04-37**

Dear Ms. Dortch:

This is to notify you, pursuant to Section 1.1206 of the Commission's Rules that Aron Viner on behalf of Ambient and myself on behalf of the United Power Line Council (UPLC), met today with Julius Knapp, Bruce Romano, Geraldine Matise, Anh Wride and Karen Rackley of the Office of Engineering and Technology to discuss issues related to the above-referenced proceeding.

The meeting addressed issues with regard to the Access BPL database, and issues with regard to UPLC's pending petition for reconsideration. Specifically, the meeting addressed the design of the Access BPL database and concerns about access and the information posted to it. The meeting also addressed the requirement that BPL operators post information about a BPL system within 30 days prior to operating the BPL system, as well as the equipment certification transition period.

If there are any questions concerning this matter, please contact the undersigned directly.

Very truly yours,

Brett Kilbourne

Brett Kilbourne  
Director of Regulatory Services
